

# Discussion session

- New Conveners
  - Software WG: Miura and Chris (NEW)
  - Beam and near detector: Mark Hartz (NEW)

- New Conveners
  - Software WG: Miura and Chris (NEW)
  - Beam and near detector: Mark Hartz (NEW)
- Next meeting date
  - January 27-28, 2014 at Kashiwa
  - Meeting room to be confirmed.

- New Conveners
  - Software WG: Miura and Chris (NEW)
  - Beam and near detector: Mark Hartz (NEW)
- Next meeting date
  - January 27-28, 2013 at Kashiwa
  - Meeting room to be confirmed.
- Hyper-K Video meeting
  - monthly?
  - to check status of simulation/reconstruction development, detector optimization discussions, geological survey, photo-sensor test status, near detector design etc.

# Detector design optimization

- HK simulation/Reconstruction will be ready by the end of August. Strategy to be defined.
- Design optimization w/ various performance and physics sensitivity studies. Conclusion by December.
  - to reduce cost.
  - to broaden & strengthen HK physics.
- I wish to start writing Design Reports (CDR?) after that.
  - encourage to start writing materials before that.
  - include near detector discussions.
- Let's accelerate the HK studies.
