

Cosmic Cartography 2022: Exploring the Cosmic Web and Large-Scale Structure

Thursday 10 March 2022

Day 4 Morning: Gas in the Cosmic Web - Lecture Hall (09:00-12:00)

time	[id] title	presenter
09:00	Break	
09:15	[44] Resimulating gas components of of the local cosmic web	MO, Houjun
09:45	[45] Galaxy evolution in the cosmic web at $z > 1.5$	MICHAEL, Balogh
10:15	[46] Star formation and chemical evolution in protocluster	FUKUSHIMA, Keita
10:35	Break	
10:50	[47] The Lyman-alpha Tomography IMACS Survey	NEWMAN, Andrew
11:20	[48] Probing the Morphology-Density Relationship at $z \sim 2.3$ with MAMMOTH Protoclusters	GOLDEN-MARX, Emmet
11:40	[49] Shape and connectivity of clusters: Impact on gas distribution	GOUIN, Celine
