

FY2022 "What is dark matter? - Comprehensive study of the huge discovery space in dark matter"

Tuesday 07 March 2023

B04 - Lecture Hall (15:25-16:30)

-Conveners: Yuta Michimura

time	[id] title	presenter
15:25	[18] Status report of B04 group	YAMASAKI, Noriko
15:30	[19] Structure optimization of TES microcalorimeter for 14.4-keV solar axion search by electro-thermal simulation	TANAKA, Keita
15:50	[20] Progress of the Microwave Multiplexing (MWMUX) for X-ray TES Calorimeters	KIKUCHI, Takahiro
16:10	[21] Design of the Observational Setup for Solar Axion Search with TES Microcalorimeters -Practical Configuration and Sensitivity	YAGI, Yuta
