

FY2022 "What is dark matter? - Comprehensive study of the huge discovery space in dark matter"

Thursday 09 March 2023

A03 - Lecture Hall (13:00-14:30)

-Conveners: Shin'ichiro Ando

time	[id] title	presenter
13:00	[12] Invited talk: Primordial black holes: a possible explanation for dark matter?	MUSCO, Ilia
13:30	[14] invited talk: Particle physics models that predict dark matter in the form of primordial black holes	KUSENKO, Alexander
14:00	[40] A03 group updates	YOO, Chulmoon
