

Session Program

Mar 7 - 8, 2024

FY2023 "What is dark matter? - Comprehensive study of the huge discovery space in dark matter"

C02

Fri, March 8

10:35 AM

C02: C02

Session

10:35 - 10:40 AM **Updates of C02**

Speaker

Shin'ichiro Ando

10:40 - 11:00 AM

SIDM halo structure and evolution: Semi-analytical and effective model

Speaker

Shunichi Horigome

11:00 - 11:20 AM

Vlasov-Poisson Simulation for Warm Dark Matter Halos; Confirmation with N-body simulation

Speaker

Satoshi Tanaka

11:20 - 11:35 AM

Substructure of Warm Dark Matter Halos: Simulations and a Semi-Analytic Model

Speaker

Takashi Okamoto

11:35 AM
