

# Kashiwa-no-ha Dark Matter and Cosmology Symposium (Satellite workshop of COSMO 2024)

## Tuesday 29 October 2024

### Modified Gravity / Gravitational Waves: Parallel B - Seminar Room A (14:00 - 15:00)

-Conveners: Qiuyue Liang

time	[id] title	presenter
14:00	[88] From White Dwarfs to Fast Radio Bursts: Unveiling the Impact of Energy Scale on Fundamental Constants	KALITA, Surajit
14:15	[89] Testing the Gaussianity of a stochastic gravitational wave background	BERNARDO, Reginald Christian
14:30	[90] Probing Ultralight Dark Matter with Gravitational Waves	YANG, Xing-Yu
14:45	[91] Memory signal from GRB jets and soft-graviton theorem results	MOHANTY, Subhendra
