

Goals for this Face-to-Face Meeting

- ❖ Discuss the formation and structure of the nuPRISM collaboration
- ❖ Set the plan to achieve a strong nuPRISM experiment proposal for presentation to the J-PARC PAC (July 15-17 minus 1 month)
- ❖ Introduce new collaborators to the current nuPRISM detector design and physics sensitivity studies
 - ❖ A tutorial on the nuPRISM analysis software tools
- ❖ Hear updates on the detector design and physics sensitivity studies

Miscellaneous

- ❖ The meeting is currently scheduled to extend until 16:30 with a lunch break, but I expect that we may finish early
- ❖ There are restaurants nearby to campus that we can go to as a group during lunch
 - ❖ If you prefer to get lunch from a convenience store, there is one across from the cancer research center where the bus stop is.
- ❖ Travel to Tokai (from Kashiwa station)
 - ❖ 4:37 pm Rapid Joban Line (change at Mito) train arrives in Tokai at 6:29 pm
 - ❖ 5:41 pm Rapid Joban Line (change at Mito) train arrives in Tokai at 7:39 pm
 - ❖ 6:49 pm Hitachi Express (Joban) train arrives in Tokai at 7:58 pm

Let's have a productive meeting
