

# Discussion in “Cavity and Tank”

- participants
- Shiozawa, Ichikawa, Ishida, Itow, Labarga, Kishimoto, CKJ, Andre, Nakahata, Sundaram

# MEMO

- need to know what documents are needed, by when, what kind of material to be presented for the master plan symposium.
- need to clarify cavern shape, site (overburden), liner, PMT support, cost,
- risk of cavern should be clarified -- baseline cost, worst case cost, cost range
- Compare different options, why come up to this design
