

Session Program

18-20 Feb 2016

**4th Annual Symposium of the Innovative
Area on Multi-messenger Study of
Gravitational Wave Sources**

**Session 3 (Public Subscription Research -
Part 1)**

Thursday 18 February

15:45

Session 3 (Public Subscription Research - Part 1)

Session

15:45-16:05

Gravitational Wave Signals from Three Dimensional Simulations of Core-Collapse Supernovae

Speaker

Tomoya TAKIWAKI

16:05-16:25

MeV Gamma-ray Studies of Neutron Star Merger

Speaker

Yukikatsu TERADA

16:25
